These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards in the United States of America. NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Nature of Business

Planned Financial Programs, Inc. was incorporated in August of 1991. The Company's only source of income is from commissions on the sale of mutual funds.

Use of Estimates

The Company prepares their financial statements using generally accepted accounting principles (GAAP), which require management to make estimates and assumptions that affect reported amounts and disclosures. Actual results could differ from those estimates.

Cash Equivalents

The Company considers all highly liquid investments that are readily convertible to known amounts of cash and are so near to their maturity that they present an insignificant risk of changes in value because of changes in interest rates to be cash equivalents.

Income Taxes

The Company has elected to file its income tax returns under the appropriate "S" Corporation provision of the Federal and State laws and, therefore, incurs no Federal income tax on its taxable income.

Concentrations

The Company received 87% of its commissions from five brokerage firms.

Allowance for Doubtful Receivables

The Company has no allowance for commissions' receivable. It considers commissions receivable to be fully collectible at year-end.

Our examination was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The statement of changes in stockholder's equity and the computation of net capital are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
